- a serious illness.

When should you make a support team?

You can make a team **now** so that

- people are ready to help when you need it

Check your support team every year.

You can make changes any time.

Your support team

What does your support team do?

Your support team can help you

- make good choices about money

- get legal help

- get ready for **retirement**.

Retirement is when you choose to stop your job.

Your support team can help protect you from **financial abuse**.

Who can be in your support team?

Family members

You can choose

- who is in your team
- how much your family is allowed to help.

Your doctor

Your doctor can help you understand

- how to care for your health

- how your sickness might make it hard to manage money.

Your doctor can say if you need help with money.

For example, if your sickness makes it hard to

- remember important information about your money

- think about how you manage money.

Your lawyer

Your lawyer can help you

- keep your money safe

- prepare documents for your bank

Your Will is a legal document that says
