Things you need to know about international money transfers

Funds will be transferred to you after you have submitted your personal and banking details on commbank.com.au. Funds sent overseas will usually be available for payment to you within three business days (AEST) of our accepting your instructions (i.e. when you successfully claim a payment from commbank.com.au), but is subject to the requirements and practices of overseas banks and regulators and circumstances beyond the Bank's control (such as international communications breakdowns and problems, or delays in processing of a payment by other banks) which may lengthen the timeframe for receipt of funds. Payments sent from CommBank Payers to first time beneficiaries may be subject to additional screening and processes.

We may decline to process a payment transaction if we believe in good faith that processing the transaction may breach any applicable laws, e.g. relating to anti-money laundering or sanctions.

We are not liable for:

- Any loss suffered as a result of us acting on your instructions in good faith except where our negligence causes the loss; or
- Any consequential loss incurred; or
- Any delays in payment to you caused by other banks.

Other banks fees

Other banks may impose fees for processing your payment. Normally these fees will be deducted by those banks from the payment amount. This may result in you receiving less money than the payment value displayed on commbank.com.au or advised to you by the Payer.

Cancelling or changing payment details

You must contact the Payer if you disagree with the payment details shown to you on commbank.com.au. Only the Payer can cancel a payment once it has been sent.

The Code of Banking Practice or, from 1 July 2019, the Banking Code of Practice, applies where relevant to your service if you are a small business as defined in the Code of Banking Practice or the Banking Code of Practice (as the case may be) or an individual.

Adding your details to the Payer's international address book for future payments

You can elect to share your banking details with your Payer via commbank.com.au. If you agree to share your Information, you will not need to visit commbank.com.au to collect future payments from the same CommBank Payer, because the funds will be sent directly to your bank account using your stored details in the Payer's international address book.

You must ensure that your personal and banking details and mobile number provided are correct and up to date at all times. In the event that any of your details change, you must notify your CommBank Payer as soon as possible. We will not be liable to you if a Payer sends you a payment using incorrect or invalid details that you have previously provided via commbank.com.au.

Your Information will not be shared with other CommBank customers or used for marketing purposes.
